Publishing Office

Pergamon Press plc, Journals Production Unit, Hennock Road, Marsh Barton, Exeter EX2 8NE, UK
(*Tel.* Exeter (0392) 51558; *Fax* 425370)

Subscription and Advertising Offices

North America: Pergamon Press Inc., Maxwell House, Fairview Park, Elmsford, NY 10523, USA

Rest of the World: Pergamon Press plc, Headington Hill Hall, Oxford OX3 0BW, UK

Published monthly

Annual Subscription Rates (1991)

Annual institutional subscription rate (1991) DM 1325.00; 2-year institutional (1991/92) DM 2517.50; personal subscription rate for those whose library subscribes at the regular rate (1991) DM 225. Prices are subject to amendment without notice. Members of BIBRA may order personal subscriptions at a concessional rate. Details of these rates are available on request.

Back Issues

Back issues of all previously published volumes, in both hard copy and in microform are available direct from Pergamon Press offices.

Copyright © 1990 Pergamon Press plc

It is a condition of publication that manuscripts submitted to this journal have not been published and will not be simultaneously submitted or published elsewhere. By submitting a manuscript, the authors agree that the copyright for their article is transferred to the publisher if and when the article is accepted for publication. However, assignment of copyright is not required from authors who work for organizations that do not permit such assignment. The copyright covers the exclusive rights to reproduce and distribute the article, including reprints, photographic reproductions, microform or any other reproductions of similar nature and translations. No part of this publication may be reproduced, stored in a retrieval system or transmitted in any form or by any means, electronic, electrostatic, magnetic tape, mechanical, photocopying, recording or otherwise, without permission in writing from the copyright holder.

Photocopying information for users in the USA

The Item-fee Code for this publication indicates that authorization to photocopy items for internal or personal use is granted by the copyright holder for libraries and other users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service provided the stated fee for copying, beyond that permitted by Section 107 or 108 of the United States Copyright Law, is paid. The appropriate remittance of $3.00 per copy per article is paid directly to the Copyright Clearance Center Inc., 27 Congress Street, Salem, MA 01970, USA.

Permission for other use

The copyright owner's consent does not extend to copying for general distribution, for promotion, for creating new works or for resale. Specific written permission must be obtained from the publisher for such copying.

The Item-fee Code for this publication is: 0278-6915/90 $3.00 + 0.00

♻™ The paper used in this publication meets the minimum requirements of American National Standard for Information Sciences—Permanence of Paper for Printed Library Materials, ANSI Z39.48-1984.

Research Section

D. H. Waalkens-Berendsen, H. B. W. M. Koëter and M. W. van Marwijk 1 Embryotoxicity/teratogenicity of isomalt in rats and rabbits

D. H. Waalkens-Berendsen, H. B. W. M. Koëter and E. J. Sinkeldam 11 Multigeneration reproduction study of isomalt in rats

M. F. Witt and J. J. Pestka 21 Uptake of the naturally occurring 3-α-hydroxy isomer of T-2 toxin by a murine B cell hybridoma

D. Bourdiol, L. Escoula and R. Salvayre 29 Effect of patulin on microbicidal activity of mouse peritoneal macrophages

E. Kristiansen, S. Clemmensen and O. Meyer 35 Chronic ethanol intake and reduction of lung tumours from urethane in strain A mice

G. K. Salmon, G. Leslie, F. J. C. Roe and P. N. Lee 39 Influence of food intake and sexual segregation on longevity, organ weights and the incidence of non-neoplastic and neoplastic diseases in rats

W. H. Butler, T. C. Graham and M. L. Sutton 49 Oncogenicity study of Macrodantin in Swiss mice

R. A. Ford, A. M. Api and P. M. Newberne 55 90-Day dermal toxicity study and neurotoxicity evaluation of nitromusks in the albino rat

Meeting Report 63 Nitrosamines, food and cancer: assessment in Lyon
